MEMORANDUM FOR: Office of General Counsel

SUBJECT: Shipment of HHE from Washington, D.C. (Storage Point) to [redacted] (Relocation Address) for Evacuated Dependents of Employee in Saigon

1. It is requested that we be advised whether there would be legal objection if the Deputy Director for Support administratively determines that it would be in the best interests of the Agency to ship 4100 pounds of Mr. [redacted] HHE from storage in Washington, D.C. to [redacted] for use of his dependents who are being evacuated from Saigon. Mr. [redacted] has completed less than one year of his two year tour of duty and will presumably remain in Saigon until completion of his tour. We are advised that the cost of shipment would be about \$840.50.

2. It should be recognized that if HHE are moved to the evacuation relocation address at Agency expense, we would be expected to move them from that point to the employee's next post of assignment when that assignment took place.

3. If you reply that there is no legal objection to such a determination by the DD/S, we would assume that there would be no objection to the same treatment for other similar cases. We would not, however, consider the shipment of HHE for cases wherein the anticipated period of stay at the evacuation relocation address was less than six months.
